Profile Summary

Motivated student with an interest in technology and programming. Familiar with Python, Java, OOP concepts, GitHub, and beginner-level AI/ML concepts. Eager to learn and gain practical experience through internships and projects.

Skills

Technical Skills: Python, Java, OOP (Basics), Data Structures (Basics), Basic Machine Learning Concepts, HTML, CSS, MySQL, Git, GitHub

Soft Skills: Problem Solving, Willingness to Learn, Time Management, Teamwork, Communication

Projects

Fake Internship Scam Detector

Python, Machine Learning, NLP | 2026

- Built a beginner-level model to identify fraudulent internship messages.
- Learned text preprocessing and basic classification techniques.

Air Canvas

Python, OpenCV, MediaPipe | 2026

- Built a hand gesture-based drawing application using OpenCV and MediaPipe.
-

Certifications

- Supervised Machine Learning – DeepLearning.AI & Stanford University – 2025
 - Start Writing Prompts Like a Pro – Google – 2025
 - Introduction to Artificial Intelligence – IBM – 2025
-

Event Participation

- Ideathon – Kumaraguru College of Technology – **First Prize** – 2025
 - Web Agent Hackathon – Coimbatore Institute of Technology (INTELLINA 2K26) – 2026
 - Paper Presentation – PSG College of Technology (KRIYA 2025) – 2025
-

Education

B.E. Computer Science and Engineering (Artificial Intelligence and Machine Learning),
Dr. Mahalingam College of Engineering and Technology, Coimbatore | 2024–Present | CGPA: 9.1
